Overview of Kinnect:

Kinnect is an Ohio-based non-profit organization dedicated to developing KinFirst strategies and delivering programs that build and strengthen kinship connections and inclusive support networks for families, young people, and children. With a vision to ensure young people and families have a sense of belonging, the essential resources, and relationships to thrive, Kinnect has been partnering with families, public agencies, and private providers for almost 20 years. Through collaborative efforts, Kinnect aims to improve permanency outcomes, build networks of support, and create innovative strategies that align with a KinFirst culture mindset and approach. Building a KinFirst culture requires equitable investments, training, coaching, policy, practices, and partnerships that prioritize family and kin and support stability, culture, and community. Kinnect is proud to be a nationally recognized leader and pioneer in the field, which led to the development of KinnectU, a training, consulting, and replication branch of Kinnect, to provide these services to all child- and family-serving organizations. Kinnect delivers programs and services across the state of Ohio, and through KinnectU has been providing training and consulting services nationally. Our programs include the Ohio Kinship and Adoption Navigator (OhioKAN), Kinnect to Family (KTF), Youth Centered Permanency Roundtables (YCPRT), and Youth Navigator Network (YNN). Our Search, Explore, Engage, Kinnect (SEEK) training is offered throughout Ohio and other states, and we have a series of trainings as part of our Safe Affirmed Youth (S.A.Y) priorities that include Family Finding strategies for youth who identify as LGBTQ+. Kinnect is grateful to receive support from a variety of sources, including contracts with government entities, partnerships with nonprofits, generous grants, and invaluable donations from foundations and private donors.

Overview of the OhioKAN Program:

OhioKAN is an innovative statewide Kinship and Adoption Navigator Program, that was developed by and is administered throughout the state by Kinnect, that focuses on supporting formal and informal kin caregivers and adoptive parents by providing information and referral services and assistance obtaining support services. Building on current and previous Ohio kinship navigator programs, OhioKAN is distinguished by its planned statewide implementation, broad population of families served, and provision for rigorous evaluation. Contingent on evaluation results, OhioKAN may establish a new evidence-based practice model that may be considered for federal payments under the Family First Preservation Act of 2018.

OhioKAN builds community and systems capacity necessary to support families and works directly with kinship and adoptive families to build confidence and connections. Anticipated outcomes to be measured include greater family resilience, improved family functioning, increased stability and permanency for children and improved child well-being.
